		•assessment and feedback;
		•education for sustainable development;

		•internationalisation;

Appendix – BU internal bidding & review processes:

Contact Brian McNulty, RKE Operations

He'll send you the Intention to Bid Form and a list of quality approvers. Fill out the form with as much detail as possible and return to Brian within 5 working days.

Identify a Quality Approver

Make initial contact with a quality approver to say you're planning to submit a bid for review. Include the quality approver on the Intention to Bid form before returning to Brian.

UET & Board Approval: 5 working days

T (+£200k) = 5 work

- UET (+£200k) = 5 working days
 - Board signature (+£500k)
 Notice needed for possible meeting
- Brian takes care of this once the costing is agreed

Electronic Submission & Institutional Review:

5 working days

- Institutional Review required by RCUK, British Academy, Royal Society, and Leverhulme
- Must be submitted at lest 5 working days before the Call deadline

Quality Approver Review:

7 working days

After addressing changes from the RPRS, Brian submits the bid to the quality approver you identified earlier in the process.

Research Proposal Review Service (RPRS):

3 weeks

Once completed, submit the bid for peer review. This is required for RCUK bids & recommended for all bids.

Contact Caroline O'Kane to initiate.

APF Phases:

What's happening in the background

Stage 1: Early Bid Stage

These steps do not always happen in this order, and some steps may be taken simultaneously.

- Intention to bid form from the form, Brian takes details to enter into RED (R&E Database) for tracking the project pre- and post-award.
- Costing generated based on information you provide Brian, he generates a detailed costing for the bid (this may go
 through several drafts as you formalise your project), and he contacts the appropriate signatories to apprise them of the
 early details of the project. Important note to the above, the Board (+500k) only needs to become involved in the pre-award
 stage if Legal requires a CAF. Otherwise the Board signs off at the award stage.
- Legal review if necessary, Brian liaises with Legal to ensure the University is aware of (and approves) the terms and conditions of potential funders. For many funders (RCUK, for example) this is not necessary.
- RPRS happens outside Brian's process, but if used then it must be completed before submitting to quality approver.

Stage 2: Quality Approval Stage

Bids at this stage are in their final form, including any supporting documents required to submit the bid.

- Quality approver review all competitive research bids (no matter the value) and competitive enterprise bids (+£50,000) are reviewed by a quality approver to ensure the bid is of sufficient quality for submission to an external funder.
- Approver Decision If successful, Brian notifies the PI of the approvers' decision and any feedback. If rejected, Brian notifies the Dean of the decision and any feedback, who then notifies the PI.

Stage 3: Final Approval Stage

This stage is only required when significant financial changes have taken place from Phase 1.

• Signoff – RKE Ops organises the financial paperwork etc. to gain appropriate final signatures
