

**Bournemouth  
University**

**Are you a Black woman, over 18, living in Hampshire and Dorset? Do you think churches are a place to promote cancer awareness or not?**

We would like to hear your views on promoting cancer awareness in churches. You can take part in different ways - face-to-face or online discussion (at your preferred date and time) or as part of a group workshop. We will offer you a shopping voucher worth £25 to say thank you for your time and valuable contribution.

If you are interested in taking part and for more information, please contact Dr Linda Agyemang by 20th March 2024.
